

Material Safety Data Sheet.

1. Identification of the substance / preparation and of the company.

1.1 Identification of the substance / preparation.

WALL GEL

1.2 Intended use.

Protective barrier for structures likely to be contaminated with
Picspave materials.

1.3 Company details

PICS Ltd
Unit 2
Red Shute Hill Industrial Estate
Hermitage
Berkshire
RG18 9QL
Tel: 01635 202224
Fax: 01635 202230
Web: www.picsuk.com

2. Composition / Information on ingredients.

2.1 Wall Gel is a non-hazardous emulsion barrier gel.

Hazardous Ingredient Name	CAS No	Content
5-cholo-2methyl-2H-isothiazol-3-one & 2-methyl-2H-isothiazol-3one	55965-84-9	0.0036%
2-Octyl-2H-isothizol-3-one	26530-20-1	0.0065%

3. Hazards identification.

This product is not classified as hazardous when used as intended.

4. First-aid measures.

- 4.1 **Eye contact**
Flush out eyes with clean water, whilst lifting the eyelids, continue for 15mins or until the irritation subsides. Seek medical help if irritation persists.
- 4.2 **Skin Contact**
Wash area with plenty of soap and water. Do not allow to dry on skin, apply moisturising cream as necessary.
- 4.3 **Ingestion**
If swallowed, wash out mouth with water. No further treatment needed.
- 4.4 **Inhalation**
Clear airway if obstructed.

5. Fire fighting measures.

Does not burn. No hazardous releases in case of fire.

6. Accidental release measures.

Cleaning up

Spills should be contained using sand, earth or absorbent granules and placed in containers for disposal. The spill area may be washed with water, collect wash water for approved disposal. Although this product is not classified as harmful to the environment prevent spills from entering the drains and watercourses.

7. Handling and storage.

- 7.1 **Handling**
Apply “Common Sense” measures in handling. Maintain good standards of personal hygiene. Food should not be prepared, stored or consumed in area of product use. Keep products in their original containers.

Storage

Store in tightly closed labelled containers. Store in cool but frost free dry area ideally in temperatures of 5°C-40°C. If the containers are stored outside and there is a risk of a large spillage then consideration should be given to providing bunding to prevent release to the environment. Keep out of reach of children.

8. Exposure controls / personal protection.

If large use of this product is expected such as would be the case on large commercial projects then PVC / Rubber gloves and safety glasses should be worn if contact is expected.

9. Physical and chemical properties.

Appearance	White / Opaque Paste
Odour	Mild
PH	5.5 – 6.5
Viscosity	1700 – 2500cps @ 20°C
Freezing point	N/A
Boiling point	N/A
Melting point	N/A
Flash point	N/A
Explosive properties	N/A
Density	N/A
Solubility in water	Miscible

10. Stability and reactivity.

Chemically stable, no particular incompatibility.

11. Toxicological information.

This product is essentially NON TOXIC and no serious chronic effects have been evident from handling under normal use.

12. Ecological information.

General

Expected to be Harmless to plants and animals when applied and in dry state.

Mobility

This substance is Miscible in water and likely to be transported considerable distances if allowed entry to watercourse etc.

17. Ecological information (cont.).

Ecotoxicity

Not expected to be toxic to aquatic organisms, but has a BOD contribution.

13. Disposal considerations.

Dispose of used packaging and excess material to a place authorised to accept builders waste.

Existing EC, National and Local Regulations must always be complied with, if in doubt contact local Environment Agency for advice.

14. Transport information.

No special requirements for transportation by road, rail, sea or air.

15. Regulatory information.

Classification – None

16. Other information

- 16.1 If the material is redistributed for sale, details of its hazards and recommended methods for safe handling should be available to all sites and / or customers.
- 16.2 The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The company shall not be held liable for any damage resulting from handling or from contact with the above product.
